

Osteria Emilia

At Osteria Emilia our wine selection honours the work of a new generation of Italian and Australian winemakers.

Looking back to how their forfathers made their wines from local indigenous grape varieties.

They are working again on perfecting Natural, Organic and Biodynamic wines using less or no preservatives and minimum intervention techniques to produce what we think are truly outstanding wines.

To match our signature pasta, we have carefully selected wines from vineyards around the Emilia Romagna region as well as hero Italian and Australian wines. We hope you enjoy them...

Riverpines Vineyard

We had been looking for our perfect farm for years. Finally in 2021 we made the move to take on a beautiful organic vineyard in the Hunter Valley. It's our new rural paradise.

We are on a steep learning curve in the vineyard but have been blessed with some truly talented co-conspirators on our journey.

We have introduced biodynamic principles to our 20 year old organic vineyard.

Our farm family has been growing fast, starting with Anna's two highlander cow, Now we have alpacas, sheep, chickens, geese, ginea fowls, turkeys, a bull, pigs & piglets, and our 2 maremma dogs.

We are on track to opening a cellar door in sydney, but for now we are selling our wines here, keep an eye out as you flip through.

Benvenuti ,
Anna Maria
